**Access Capital Partners holds the first closing of its second generation European Infrastructure Fund of funds**

---

**European Private Assets specialist Access Capital Partners (“Access”) is pleased to announce the first closing of Access Capital Fund Infrastructure II (“ACF Infrastructure II” or the “Fund”), securing €170 million of commitments from new and existing investors, out of a €300 million target size.**

ACF Infrastructure II is a Fund of funds targeting investments in European operational and cash yielding infrastructure assets, through primary fund commitments and secondary transactions (c.80% of the Fund’s size) and direct co-investments alongside financial and industrial partners (up to 20% of the Fund’s size). The overall objective of ACF Infrastructure II is to provide Investors with an attractive risk-adjusted return, with yearly cash distributions representing a relatively strong component of the total performance.

Access’ Managing Partners, Agnès Nahum and Philippe Poggioli, commented: “This first closing is a testament to investors’ confidence in Access’ strategy and market positioning. As we continue benefitting from a strong pipeline of compelling infrastructure investment opportunities, we are grateful to investors for their support to this fundraise, which will allow us to continue pursuing these opportunities in the coming years and build on our successful track record of investing in European infrastructure assets.”

Access invests in infrastructure through a combination of direct and fund investments. With the first closing of ACF Infrastructure II, Access has €1.4 billion in infrastructure assets under management, including co-mingled funds and segregated mandates. The dedicated infrastructure team is led by three Partners, Aymeric Paul (Head of Infrastructure), Manish Pandey (Co-Head of Infrastructure) and Tomas Wegelius.

## >> ABOUT ACCESS CAPITAL PARTNERS

Established in December 1998, Access Capital Partners is an independent Private Assets manager, majority owned by its management. With offices in six European countries and aggregate investor commitments of €9 billion, Access' integrated expertise offers exposure to Smaller Buy-outs, Infrastructure, and Private Debt through funds of funds, direct & co-investment funds and customized client solutions. The team is fully committed to integrating Environmental, Social and Governance best practices into its investment strategies, acknowledging that a responsible investment approach partially mitigates investment risk and enhances long term returns.
